WARRANTY

Cadco warrants that this Beverage Cart be **free from defects** in material and workmanship for a period of one year* from date of purchase. (Warranty provides repair of unit.)

(*Laminate panels have 30 day initial defect warranty only, and are not a service center item. Call Cadco if you need to replace a panel under warranty.)

A copy of your original purchase receipt is required for proof of purchase date. This warranty **does not cover consequential damage** of any kind or damages resulting from accident, misuse, abuse, or external service or repair attempts by unauthorized personnel. Inquiries concerning this warranty and the use and maintenance of this unit should be directed to Cadco, Ltd.

This Cart is on-site service item; call us at 860-738-2500 for the location of your nearest authorized service center. Service center would handle defective wheels and drawers only.

Warranty is applicable only in the 48 contiguous US states.

HOW TO USE

Before using for the first time, become familiar with the Beverage Cart features, **Figure A.**

Wash removable parts in warm sudsy water, rinse and dry.

Clean the cart with a mild detergent and a soft moist cloth. Do not use any scouring agents!

Rinse and wipe dry. Do not allow water to spill or seep into the frame.

Use:

1. The cart comes with 4 Cambro® Translucent Pans, each with a Drain Shelf. Place these in cart drawers and stock with pre-chilled beverages.
2. If you choose, you may purchase Cambro® ColdFest® Food Pans that may be pre-frozen and placed in the cart's cold drawers to keep beverages cold without ice. Cadco does not sell these food pans; you may obtain them from your foodservice dealer.

CARE AND CLEANING

Before initial use and after each subsequent use, wash removable parts in warm sudsy water, rinse and dry. The most effective and safe way to clean the cart is with a mild detergent and a soft moist cloth. Do not use any scouring agents!

If there is any beverage residue remaining on the surface, it should be removed after each use. To do so, scrub gently with a fine cleansing pad such as nylon mesh or other ordinary cleansing pad. **DO NOT USE STEEL WOOL OR ABRASIVE KITCHEN CLEANERS.** To polish, use a non-abrasive glass cleaner. Any beverage residue remaining can be whisked away with a gentle stroke of a nylon mesh pad. Rinse and wipe dry. Do not allow water to spill or seep into frame.

Any maintenance required for this product other than normal household care and cleaning, should be performed by our Factory.
