

Oven Stand Riser

Designed to elevate your quarter & half-size ovens by 7 inches, this sturdy riser creates valuable space underneath, allowing operators to easily access materials, store kitchen essentials, or maintain a more organized work area.

Model OSR-H

Key Features:

Compact & Durable: this riser is designed to fit seamlessly beneath quarter & half-size ovens, providing both stability and convenience.

Enhanced Access & Storage: The elevated oven position allows for better access to the cooking chamber, while the open space beneath can be used for storage of pans, trays, or other kitchen tools.

Space-Saving Design: Perfect for high-volume kitchens, food trucks, or catering operations where every inch of space counts.

Quality Construction: Built to withstand the demands of busy kitchens, the stand riser is made from heavy-duty materials to support the weight of your oven while ensuring long-term reliability.

Oven Riser Shipping Dims. 25.5"w x 22.5"d x 10.5" h 22 Lbs
